One woman in eight either has or will develop breast cancer in her lifetime. Early detection is the best weapon in the battle against breast cancer. Regular screening tests; breast self-exams and mammograms are the best mechanisms for early detection.

Purely Pearls has created this bracelet to increase awareness of breast cancer. A generous portion of the funds raised through the sale of this bracelet will be donated to local breast cancer charities supporting research, patient care, and the promotion of breast cancer awareness.

a. PNK138 * Also available in silver
b. CLN432* Also available in grey
